Do you know your health care rights & responsibilities?

Want to help others know?

Respecting Choices® First Steps® ACP Facilitator Certification is designed for professionals such as social workers, nurses, clergy, physicians, attorneys, and others involved in assisting patients, and residents in making future healthcare treatment decisions. Participants learn the skills needed to facilitate foundational ACP conversations and how to assist people to complete an advance directive that aligns with their goals, values and preferences.

Respecting Choices® is an internationally recognized, evidence-based model of advance care planning (ACP) that creates a healthcare culture of person-centered care—care that honors an individual's goals and values for current and future healthcare.
