

No decision is more important than your long-term healthcare.

Let us help you get started.

*April 16 is National Healthcare Decisions Day.
Brookdale can help you consider all your options.*

Join Americans across the country in making future healthcare decisions known to family, friends and healthcare providers. Brookdale, along with other national, state and community organizations, is leading a massive effort to highlight the importance of advance healthcare decision-making – an effort that has culminated in the formal designation of April 16 as National Healthcare Decisions Day.

As a participating organization we are providing information and tools for you to talk about your wishes with family, friends and healthcare providers, and execute written advance directives (healthcare power of attorney and living will) in accordance with Texas state laws.

Join us April 16 when Brookdale will welcome you at our community for an informative lunch and learn about advance care planning and advance directive forms.

Thursday, April 16 | 11:30 a.m. to 1 p.m.

Complimentary admission and lunch

We invite you to meet with the experts at our Brookdale community to understand your options related to healthcare decisions. Read more about National Healthcare Decisions Day at nhdd.org/about.
